

ST. ANDREWS GROUP OF INSTITUTIONS

Enlightening Generations

INFORMATION BROCHURE

Our Founder's Vision

Andrews was incepted in 1987 with the view, vision and mission to build an academic Environment to foster growth, learning and self knowledge for the generation of to-day and to-morrow. It gives me immense pleasure and contentment to say that the school leaves no stone unturned to fulfill this hidden dream by providing world class education. It provides a rigorous academic environment to the students. The Management is constantly on the lookout to give students every opportunity for personal growth. Efforts are made to equip every student with the first rate education to ensure to stand out best in to-days competitive world.

The nomenclature of St. Andrews Public School, Agra is a celebrated and living testimony to the pious memory of Hon. Charles Freer Andrews, a British National. He adopted India as his motherland and passed his whole life in the service of this sacred land. He was really a true patriot who fought against the Britishers vehemently for the right cause of India's Freedom.

*“It is my pious vision and mission to build a Nation through Right Education and beyond”
“You educate a man, you educate a woman, You educate a generation.” - B. Young*

Views of Chief Managing Director

It is rightly said that “Education is the harmonious Development of all the innate powers and faculties of a person-physical, intellectual and moral.

It gives us a deep sense of joy to acknowledge that the legacy of St. Andrews Group of Institutions has been kept aflame in the past by the Principals, Teachers, Members of Staff, Students and always supporting Parents. Besides the above, the school also upholds the rich Indian culture and traditions for which this sacred land is well renowned internationally.

In fact, it is the effort of each of us to provide an environment that enables students to think deeply, effectively, independently, thereby empowering them to carve a future for themselves, society and the nation. Efforts are also made for all round development of each student to face the challenges of this competitive world. We have achievements of the past which continue to inspire us with a sense of privilege and also nudge us to contribute towards this glorious heritage

"We believe that freedom of spirit & zeal for discovery are as important as the need for discipline & a sense of duty.

Our Mission

The School's mission is to provide a learning environment that encourages children to bring out the best in themselves and enables their all-round development through the joy of learning, enduring values and the celebration of diversity.

Core Values and Culture

We strive to imbibe values and attributes to the young minds within their school life. Our core values, which align with our guiding statements, are integral to creating a disciplined school culture and climate:

- Cleanliness
- Honesty
- Respect
- Self-Discipline
- Trust
- Determination
- Integrity
- Responsibility
- Teamwork
- Patriotism

Holistic Development

We, at St. Andrews, believe in holistic approach to teaching which is important for the physical, emotional, intellectual, creative, spiritual and social well-being of children and to develop them as well-rounded individuals.

The School's guiding statements underpin the facts that cherishing one's own culture and respecting that of others, as well as values-based learning, are pivotal to holistic development.

What makes St. Andrews distinctive
